Leonard & Co. in cooperation with TECH Alpharetta to engage CEOs and CFOs of technology companies primarily in the greater North Fulton and Forsyth County area to learn from successful technology executives and develop relationships in the technology community.

About Tech Alpharetta

Tech Alpharetta, the first organization of its kind in Georgia, was established in 2012 by the City of Alpharetta and is an independent, 501(c)(6) nonprofit organization today. The organization runs a strategic advisory board of Alpharetta's leading technology companies, monthly technology events for tech executives, and the Tech Alpharetta Innovation Center, a flourishing tech startup incubator.
